FGB-2YB/RP

Notes: Apple Growing Bags are made of Breathable High Quality Paper at Food Grade. Apple Bags are generally designed into two-layer pattern with different colors in outer and the inner for apple varieties. Vents openings are considered at bottom of the Fruits Growing Bags for air circulation, and a twist tie wire is embedded at the top, as well as a U shaped Notch for easy tying up. Bagging Apples on the tree is an organic method and an effective alternative to chemical pesticides.

FEATURES

- Galvanized Steel Wire for easy wrapping and tying
